Instructions

HOW TO COLLECT A SCENT ARTICLE

Item

Find an item that is solely used by your missing pet. Suitable items include things like your dog's collar, harness, dog bed, blanket, bandana or brush.

Ziplock Bag

Use a ziplock bag or something similar and turn it inside out. Try to pick up the item with the bag so you don't touch the article. Pull the bag back around to the right way with the item now safely inside. Use latex gloves if you have any.

Seal

Seal the bag to avoid the article becoming contaminated. If you have several items we recommend you bag the items separately to provide more articles. Items like blankets can be cut down for this.

**DO NOT WASH YOUR
ITEM. THE MORE PET
SCENT THE BETTER!**
